

Supplier guideline — KindNesta product template

Share `partner-product-template.csv` . Open in Google Sheets or Excel.

Sheet layout

Row	What it is
1	Company name — put your company in column B
2	Date — submission date (YYYY-MM-DD) in column B
3	Column titles — do not change
4+	One row per SKU

Rule: fill every product column. Use `N/A` only when that field does not apply (e.g. no plastic → virgin plastic `N/A` or `0`).

0. Header rows (once per sheet)

Row label	What to put in column B
Company name	Legal or trading name of the supplier
Date	Date you send this sheet (YYYY-MM-DD)

1. Listing (always needed)

Column	What to put
sku	Your article / SKU code
title	Clear product name
category	Free text (e.g. packaging, home, other)
description	What it is and who it is for
materials	What it is made of
image	Main photo filename
publicClaims	Exact wording KindNesta may publish — or none
contactEmail	Who we should reply to for this SKU

Claim rule: no generic *eco-friendly* / *green* / *sustainable* / *climate neutral* without proof.

2. Gate checks (needed for score)

Mark each `PASS` / `FAIL` / `N/A` . Any **FAIL** caps the Kindness Score at **49** until fixed.

Column	Meaning
A1_noGenericClaim	No vague eco/green/sustainable wording
A2_claimSpecific	Claims name attribute + scope
A3_noSelfMadeLabel	No homemade eco logo sold as a certification
A4_noOffsetClimateClaim	No carbon-neutral claim based only on offsets
A5_reachBaseline	REACH / chemical baseline OK for EU use
A6_evidenceOnFile	Every eco claim has a matching document
A7_tradeoffDisclosed	Known downsides disclosed
tradeOffNotes	Short note — or N/A

3. Score evidence (needed to calculate Kindness Score)

Certificates (pillar B3)

Column	What to put
certNames	Scheme names, e.g. GRS FSC — or N/A
certNumbers	Matching certificate numbers — or N/A
certExpiryDates	YYYY-MM-DD (same order as names) — or N/A
certFileNames	PDF filenames you attach — or N/A

Materials (pillar B2)

Column	What to put
bomPercentByWeight	Breakdown that adds ~100%, e.g. paper 98% coating 2%
recycledContentPercent	Number only (e.g. 100) — or N/A
recycledContentType	pre-consumer / post-consumer / mixed — or N/A
recycledCertScheme	GRS / RCS / equivalent — or N/A
bioBasedPercent	Number — or N/A
virginPlasticPercent	0 if none, else % — or N/A

Chemicals (pillar B1)

Column	What to put
reachCompliant	YES / NO
svhcAboveThreshold	YES / NO

svhcList	Substance names if YES — else N/A
oekoTexOrEquivalent	Cert name — or N/A
pvcFree	YES / NO / N/A

Circularity (pillar B4)

Column	What to put
designForRecycling	Short description — or N/A
endOfLifeRoute	e.g. paper recycling / reuse — or N/A
ppwrRecyclabilityGradeIntent	Packaging only (e.g. target grade B+) — else N/A
reuseOrRefill	Only if relevant — else N/A

Shipped packaging (pillar B5)

Column	What to put
shipPackMaterials	Outer / ship pack materials — or N/A
shipPackWeight	Weight — or N/A
shipPackRecycledPlasticPercent	%, 0, or no plastic pack — or N/A
overpackJustified	YES/NO + short reason — or N/A
sortingLabelPlan	YES / NO — or N/A

Traceability (pillar B6)

Column	What to put
countryOfManufacture	Country where made
tier1SupplierName	Factory / mill name — or N/A
mainMaterialOriginCountry	Origin of main raw material — or N/A
batchTraceability	YES / NO — or N/A
careAndEndOfLifeInstructions	Care / disposal text — or N/A

Evidence pack

Column	What to put
evidencePackFileNames	All attached PDFs, separated by

Full scoring rules: `KINDNESS-SCORE-STANDARD.md`

4. What to send

1. Completed `partner-product-template.csv` (company name + date filled on rows 1–2)
2. Photos named as in `image`
3. Files listed in `certFileNames` / `evidencePackFileNames`
